

## 28 TAPE TELETYPEWRITER COVER

### LUBRICATION

#### 1. GENERAL

1.01 This section contains the lubrication procedures for the 28 tape teletypewriter cover. The information herein, together with that in the general lubrication section, provides for the complete lubrication of the cover.

1.02 The cover should be lubricated before being placed in service, as specified in the section covering the preparation of teletypewriter apparatus for installation.

1.03 The lubrication symbols used in this section are the same as those given in the general section. However, the symbol O is used in this section to mean only one drop of oil, and O2 is used to mean two drops of oil. The symbol G means that a thin film of grease is to be applied.
